New Double-A Single | Two track Download | 14th April 2017

Polish-born, US-based experimental producer & vocalist, Derek Piotr returns with new double-A side single **Tonic/You Move & Light**, ahead of his forthcoming seventh solo album, **Forest People Pop** (released June 2017 | Bit-Phalanx Music).

Following experiments with woodwinds (**Bahar** | Bit-Phalanx Music | 2015) and vocal drone compositions (**Drono** | LINE Imprint | 2016), **Forest People Pop** fuses contemporary trends in global electronic pop with indigenous, instrumental forms and bridges these two worlds with his most intimate and linear lyrics to date.

In Derek’s own words...

“**Tonic/You Move** and **Light** are my first ever pair of love songs which started as instrumental tracks that weren’t completed until I fell in love in late 2015. Lyrics and vocal melodies then fell into place and were spontaneously laid down in one take each over the instrumentals.

Light focuses on the more humorous elements, including a Missy Elliott inspired bassline which I play jaw harp over. **Tonic/You Move**, however, takes a more devotional approach to love with open lyrical form and Dabke-style organ.”
